

THE PHOTOGRAPHIC FEDERATION OF LONG ISLAND

The PFLI is a voluntary non-profit organization whose membership consists of camera clubs from Nassau and Suffolk counties as well as the 5 boroughs of NYC and is dedicated to the enjoyment and advancement of photography. The PFLI hosts a number of special events including a full day seminar with experts in the various fields of photography, monthly instructional seminars and live photographic shoots. We also conduct monthly club competitions as well as an annual competition to select the best photographs of the year.

Each member club meets several times a month to discuss various photographic topics and to hold their own competitions. In addition most clubs conduct field trips to local attractions where you will learn by actually taking photographs under the eyes of the more experienced photographers in the club. If you are interested in developing your photographic skills, particularly in this digital era, we urge you to consider visiting a member club in your area. For more information about the PFLI please visit our web page at
